

Sanlam Short-Duration Corporate Bond Fund

A portfolio of primarily investment-grade short dated corporate bonds.

Launched in April 2009 the Fund seeks to provide income and ready access to capital by investing in Sterling, Euro and Dollar corporate bonds of no more than six years' maturity.

The fund

- A pioneer in the short dated universe in the aftermath of the global financial crisis.
- Seeks to balance interest rate, credit and liquidity risks judiciously.
- Managed by a highly experienced team.
